#4 Cialis (60)

She's still the one for you! And Cialis for daily use helps you be ready anytime the moment is right. Cialis is also the only daily ED tablet approved to treat Symptoms of BPH... like needing to go frequently. Tell your doctor about all your medical conditions and medicines, and ask if your heart is healthy enough for sex. Do not take Cialis if you take nitrates for chest pain as it may cause an unsafe drop in blood pressure.

Do not drink alcohol in excess. Side effects may include headache upset stomach delayed backache, or muscle ache. To avoid long term injuries get medical help right away for an erection lasting more than 4 hours. If you have any sudden decrease or loss in hearing or vision or any allergic reactions like rash hives or swelling of the lips, tongue or throat or difficulty breathing or swallowing stop taking Cialis and get medical help right away. Ask your doctor about Cialis for daily use and a free 30-tablet trial.
