

#1 Wal-Mart (30)

I like having the latest of everything.

The latest phone. The latest game system. The latest TV.

And that's why my new hangout is...

...drumroll please... Walmart.

That's right. I said it.

Hey, they've got the latest from XBOX, Apple, Samsung,....

...they even have Beats by Dre Headphones on rollback for just 169.95. And unlike those other places, Walmart actually has good prices. Because really... paying too much is a trend I don't care to keep up with. Save money. Live better. Walmart.
