

## What's the deal?

#1 we are a voiceover training & placement company.

#2 if you are looking at pursuing voiceover full, or part time we can help.

#3 there is plenty of work out there for voice actors that know what they are doing.

#4 you will need to have a professionally produced demo showcasing your talents.

#5 we offer 8 programs for training mentoring, and help marketing you.

### #7 A little about me, Keith Alan & 57<sup>th</sup> Street Media LLC.

Established by Keith Alan in 2001, 57th Street Media has recorded and produced thousands of projects in all languages at a state-of-the-art recording and digitizing facility in Tampa, FL, and throughout the U.S.A.. Our group of voiceover trainers are all working voiceover professionals and can train and record in any city or country via Skype and ISDN.

Our training division provides specialized programs for those who want to become professional voiceover artists in addition to programs for business professionals who are looking to improve their voice and presentation skills.

### #8 About Our Founder

1986 marked the beginning of Keith Alan's career in voiceover as he cut his teeth on the genre in New York City. He is a former radio personality and a well-known voice in television, radio commercials, and phone lines. Talkers Magazine featured him for an Addy Award.

Represented by six agencies, Keith also operates 57th Street Media, which specializes in producing, writing, and voicing advertisements in the United States and around the world. Keith also teaches classes on the art of voice acting to newcomers as well as seasoned professionals needing to refresh an old demo or learn a new technique. <https://www.57thstreetmedia.com/about.html>
